

KENNETH P. MUNGAR

102-563 Mornington Ave, London, Ontario N5Y 4T8
Home: (519) 913-0782 • Cellular: (519) 494-4551
Email: kenjr@mungar.ca • Website: <http://www.mungar.ca>

My background includes 10 years plus in Information Technology, where I have acquired experience in systems administration, network, and telecom and project management. Positions held were: Systems Administrator for the Huron Perth Catholic District School Board, Project Leader for Information Technology Services at St. Joseph Health Care London, as well as the owner/operator of Mungar Computer Service.

Sought After Requirements

1. Education
2. Certifications
3. Configuring and maintaining computer hardware and peripherals.
4. Project Management

My Qualifications

- Diploma in Information Technology from St Clair College
- Diploma in E-Commerce Solutions Developer from triOS College
- Diploma in Custom Networking from triOS College
- CompTIA A+
- CompTIA Net+
- Managed 351 computers, 7 servers and supported 1250 users in a Microsoft Server 2003 / Microsoft Windows XP Professional domain environment.
- St Joseph Health Care London Project Leadership Centre – Project Management Training

As a proponent of lifelong learning, I am presently working towards the Microsoft Certified Information Technology Professional certifications; as well as Blackberry certifications.

I believe that the combination of my 10 years plus work experience, coupled with my ongoing commitment to education and training, together with strong leadership skills have well prepared me for the level of professionalism, leadership and communication required in the role of an Information Systems Professional. I believe I am an excellent candidate for a Information Technology position.

I look forward to further discussing an opportunity in a personal interview. Please feel free to contact me at your leisure.

Sincerely,
Ken Mungar, Jr.
